Whitney – Can I bounce this off you? This is a check-in from the contractor on whether this is looking on target. I see some wordsmithing I would do in converting this to a summary for our RtC, but I'm thinking it looks good as a deliverable. (I haven't read all the way through – thought I'd go ahead and send it your way in case you're still working.) Please let me know what you think and I'll respond to the contractor.

Kelly and Rosemary, attached is the summary for Code 1h Streamlining.

Notes:

- headings reflect the essence of the comment
- retained the 4-digit DCNs so that reviewers can reference the comment letter if necessary (you can remove at later stages)
- identified public speakers by public hearing DCN (10/21 = 0429; 10/27 = 0430)

Let me know if you have any questions or comments.

Thanks, Joe
